- Prof. Satyanarayana suggested increasing students' involvement in upcoming council activities. He proposed organizing a separate meeting with the student Tech-clubs/Science clubs/E-cell to discuss enhancing students' participation in I&E activities.
- Prof. Satyanarayana shared the progress on the Research Park construction and Makers Lab supported by KIA Motors Pvt. Ltd. Prof. Anil Kumar and Dr. Shihabudheen M. Maliyekkal discussed the overall incubation infrastructure and future expansion aspects. They also

emphasized the importance of bringing various clubs and entities at IIT under one umbrella and the need for a coordinated effort to create the right ecosystem for promoting I&E activities on campus.

- Dr. J. Surya Kumar, CEO of SSIIE-TBI under P. S. Mahila Visvavidyalayam, Tirupati, briefly described his institute's strategy for encouraging more students and faculty members in innovation. He emphasizes on identifying a pool of students interested in I&E activities and giving them the right amount of exposure and access to various programs conducted under IIC.
- Dr. Subbareddy Daggumati, faculty in charge of preincubation activities in the institute, mentioned that around 8 student-led projects are currently being funded, among which ~4 is in the prototype designing stage, and 2 patents have been filed. He emphasized the need for more participation in preincubation project activities.
- Dr. Prashanth Vooka, Internship Coordinator, described the ongoing and upcoming internship opportunities. Dr. Chimalakonda, Innovation Activity Coordinator, suggested increasing engagement between students and IIT Tirupati alumnus currently associated with startups as well as incubation centres. Appreciating this idea, Mr. Suresh Raju, founder and director of Golden Hills Capital, added that interaction with successful entrepreneurs or collaborating with them as interns can highly motivate students. He further hinted at creating a platform for regular interaction between both parties.
- All members voiced their opinions and suggested leveraging various schemes, available infrastructure, and collaboration opportunities. Mr. Hemanth, CEO and founder of Imagine XR, proposed creating a system/platform to map all innovation-related activities happening in the institute with the help of the participants from Smart India Hackathon 2024. He emphasized promoting IIT Tirupati's ongoing incubation activities to attract more students, faculty, and industry representatives. He also offered to evaluate the preincubation proposal and help the preincubation project proposal evaluation committee.
- The council members agreed to follow up on the suggestions.

The meeting ended with a vote of thanks by the President.
