

Corner work bench with granite worktop (where work benches are connected in L shape) with dimensions (L x W x H) is 1115 x 1115 x 900 mm with under welded storage

wall Side Laboratory work bench with Granite worktop of size (L X W X H) 1500mm X 770mm X 900mm with vertical upright and one side adjustable reagent shelves, service boom

wall Side Laboratory work bench with Granite worktop of size (L X W X H) 1500mm X 770mm X 900mm with vertical upright and one side adjustable reagent shelves, service boom

Island Laboratory work bench with granite worktop of size (L X W X H) 1500mm X 1540mm X 900mm

Island Laboratory work bench with granite worktop of size (L X W X H) 1500mm X 1540mm X 900mm with vertical upright and two side adjustable reagent shelves

Storage under bench cabinets with wheels cabinets (W X D X H) is 750mm X 530mm X 635mm

Corner work bench with sink and granite worktop (where work benches are connected in L shape) with dimensions (L x W x H) is 1115x 1115 x 900 mm with under welded storage

Wall side Laboratory work bench with Granite worktop of size (L X W X H) 1500mm X 770mm X 900mm with electrical trunking
